Structure of the Learning Unit:

Integrated Activity

This lesson is aimed at integrating ICT into current, relevant class curriculum. Using this approach enables learners to use the computer not only as a working tool but also as a relevant learning tool to learn new concepts and skills or consolidate previously learnt work. This activity will take between 20 – 60 minutes (or 1-3 lessons) to complete depending on the ability of the learners and the time available.

e-Learner Assessment

The required assessment for each unit is completed by the ICT teacher by means of evaluating each skill on the skills matrix. The ICT teacher can indicate on the skills matrix whether the skill is being practised or developed by inserting a tick in the appropriate column next to the appropriate skills. Should the teacher wish to formally assess the skills, a symbol of 1, 2, 3 or 4 is inserted into the matrix in the assess column next to each skill assessed. The corresponding skills should also be marked off on the e-Learner Administration System and forwarded to Head Office when completed. As a pre-requisite for accreditation, all the required skills for each e-Learner unit need to be mastered. In this way, the level of ICT competency as well as the progress of each learner can be monitored. This matrix may be printed or photocopied for each learner.

INTEGRATED ACTIVITY

In order to promote relevant discussion, the following questions are posed by the educator to the learners:

- Do you know what a rosette is?
- Have you ever been given a rosette?
- What are rosettes used for? Which occasions?

A short discussion takes place about rosettes and what they mean and why people would wear a rosette for different occasions. Definition: An ornament or badge made of ribbon or silk that is pleated or gathered to resemble a rose and is used to decorate clothing.

Explain to learners that today we are going to discuss Mother's Day and why making something for mothers can be fun. Explain what a rosette is. In this lesson, the rosette will be made from paper in badge form.

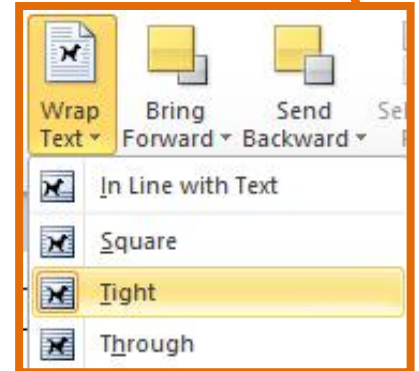

Task: Learners create a rosette in word using shapes and WordArt for their mothers.

1. Open the Word Processing programme by either double clicking on the Word Processing icon on the desktop or by clicking on Start → Programmes → Microsoft Word → blank document.
2. Save your document into your digital portfolio → File → Save As → locate your portfolio → double click → type a suitable name in the file name box → Save
3. Click where you want to insert your WordArt.
4. On the Insert Ribbon → WordArt → select the style you want.

5. Type in your headings: E.g "World's Best Mom" or "My Mom is a Star" your font and font size.

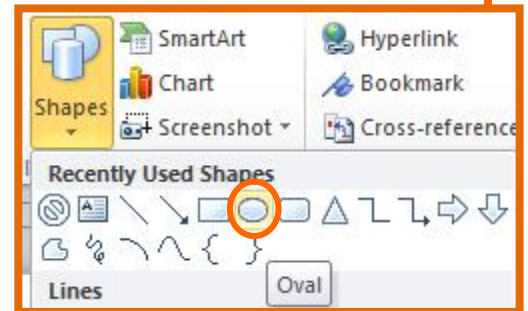

6. Format the WordArt so you can move it → click on your WordArt → Format Ribbon → Wrap Text → Tight.

7. You are now going to insert Shapes. Move your cursor so that it is positioned under your heading.

8. Insert Ribbon → Shapes → under Basic Shapes → choose Oval.

9. Click, hold and drag on your page, while holding in the Shift key on your keyboard to make a perfect circle shape.

10. Optional: You can choose to use colours and formatting on your rosette or you can make a rosette with only an outline so that the learners can colour it in after being printed.

11. To use colour and formatting: Change the Shape Fill → Format Ribbon → Shape Fill → select suitable colour

12. Change the Shape Outline → Format Ribbon → Shape Outline → select suitable colour.

13. Optional: If you want your Shape to appear behind your WordArt → click on the Shape → Format Ribbon → Send Backward down facing arrow → Send Behind Text.

14. To add Clip Art → Insert Ribbon → Clip Art → type in what you want in the search box → click on Clip Art to insert.

15. Continue adding different Shapes to your rosette if you wish.

16. To save → CTRL + S

17. Print your work → File → Print → Print Button

18. Close Microsoft Word by clicking on File → Exit or clicking on the top "X" at the top right of your screen
