

Put yourself in their shoes

Winter is around the corner, a time when many people take possessing a comfortable pair of school shoes for granted.

For many growing children, however, the reality is that their parents cannot afford to buy them a new pair of school shoes.

Niki Marshall, from Computers 4 Kids, in Northmead, became aware of this need while visiting schools in the area, and decided to launch a drive to help the children in need.

The Computer 4 Kids Shoe Drive aims to collect used or new pairs of school shoes to distribute among needy children.

Collection boxes have been placed in schools participating in the project.

Marshall said the response so far has been phenomenal and she hopes to get more people involved.

People wanting to donate pairs of school shoes can place them in boxes at the following collection points:

- Tom Newby Primary School on Aerodrome Drive, in Farrarmere.
- Rynfield Primary School on Malherbe Street, in Rynfield.
- Kathstan College on Pat-ten Road, in the Benoni Small Farms.
- Farrarmere Primary on Kwartz Street, in Farrarmere.
- Blue Sky Laundry on Pretoria Road.
- Fairsand Primary in San-

dringham
