### Structure of the Learning Unit:

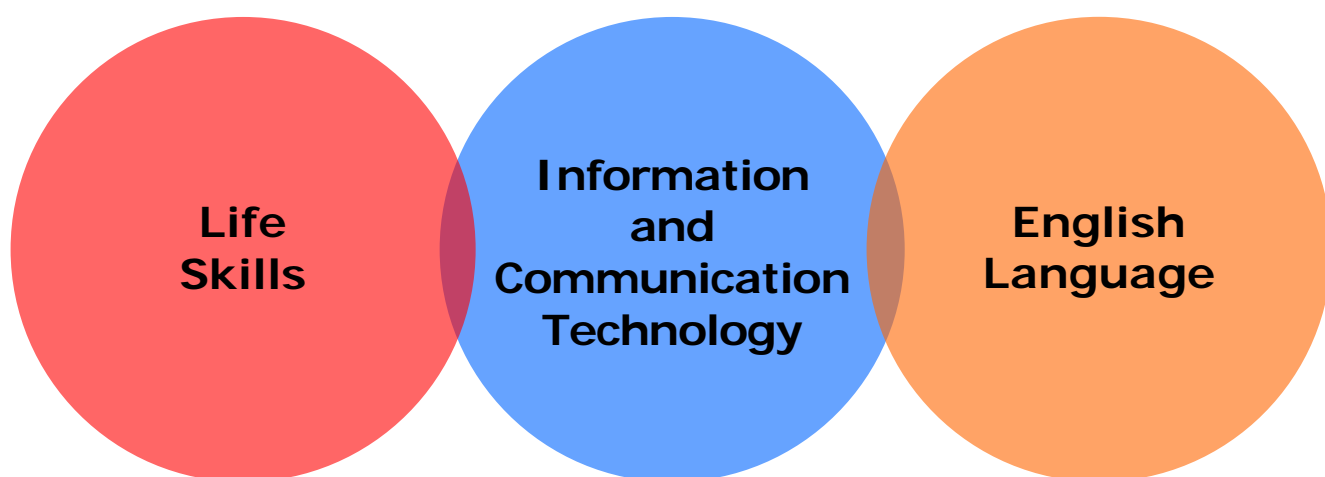

#### Integrated Activity

This lesson is aimed at integrating ICT into current, relevant class curriculum. Using this approach enables learners to use the computer not only as a working tool but also as a relevant learning tool to learn new concepts and skills or consolidate previously learnt work. This activity will take between 20 – 60 minutes (or 1-3 lessons) to complete depending on the ability of the learners and the time available.

#### e-Learner Assessment

The required assessment for each unit is completed by the ICT teacher by means of evaluating each skill on the skills matrix. The ICT teacher can indicate on the skills matrix whether the skill is being practised or developed by inserting a tick in the appropriate column next to the appropriate skills. Should the teacher wish to formally assess the skills, the relevant achievement level can be indicated in the assess column next to each skill assessed. The corresponding e-Learner skills should also be marked off when completed. The e-Learner skills can also be formally assessed by subscribing to the relevant online e-Learner assessment for which an ECDL endorsed certificate will be issued upon successful completion of the course. By utilising these assessment tools, the level of ICT competency as well as the progress of each learner can be monitored. The assessment matrix, as contained in this lesson instruction book, may be printed or photocopied for each learner.

## INTEGRATED ACTIVITY

In order to promote relevant discussion, the following questions are posed by the educator to the learners:

- **Does your family celebrate Easter?**
- **Why is it important to acknowledge other peoples beliefs?**
- **Which animal is associated with Easter?**

A short discussion takes place about Easter.

**Task: Today you are going to decorate and colour-in an Easter egg basket.**

Note to the educator: This task requires the template **Easter Basket 1.pdf or Easter Basket 2.pdf** (*You can choose which basket the learners should decorate.*)

1. Open the either the **Easter Basket 1.pdf or Easter Basket 2.pdf** template by double clicking the shortcut in the folder which you just downloaded.
2. Print the Easter basket → **File** → **Print** → **Print button**.
